Jason Ahmad

Jason has been playing all forms of cue sports for over 25 years. During that time he has been a keen student of the game and, through perseverance, has elevated his game to a reasonably high personal standard. He has played in countless state and national tournaments and has been the A grade snooker singles champion on two occasions. He has twice been runner up in the American State 8 ball championships. In 2000, he won the World Artistic Pool Championship and the National Artistic Pool Championship beating out more than 250 players from over 12 countries. He makes regular appearances in the latter stages of national 8 ball and 9 ball events and clearly has a love for all the different cue sports.

Jason has been coaching off and on for a number of years. A big believer in getting the basics right the first time he also takes great pride in intermediate and advanced coaching techniques particularly in the American form of the game. His favourite topics are breaking, banking, kicking, jump shots, cue ball control, positional play and the psychology of winning. He is a big advocate of challenging, repeatable drill training that measures and tracks performance in key parts of the game. If you would like to make further enquiries please feel free to contact him by phone or email.

Shawn Budd 0414 508 854

Shawn is a former professional player & 7 times Australian Snooker Champion
He is also the current Australian 10 ball Champion & Oceania 9 ball Champion
As General Manager of Billiards & Snooker Association headquarters in Richmond (Level WAFC),
